Mounting Hole Diameter:

0.140 inches 3rd group

Inductance Rating:

2.50 microhenries single component single primary and 3.30 microhenries single component single primary

Mounting Facility Quantity:

4 2nd group

Mounting Method:

Unthreaded hole 3rd group

Thread Size:

0.112 inches 1st group

Dc Resistance Rating In Ohms:

0.230 single component single primary

Thread Series Designator:

Unc 1st group

Terminal Type And Quantity:

4 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
