**Reliability Indicator:**

Not established

**Frequency Rating:**

2.4 kilohertz single component

**Winding Operating Current:**

20.0 milliamperes dc single component single winding

**Dc Resistance Rating In Ohms:**

0.010 single component single winding

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
