Power Transformer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5950-01-450-3258

Reliability Indicator:
Not established
End Application:
Panel, control e/i fscm 03950
Inclosure Type:
Fully enclosed
Winding Operating Current:
Amperes ac all components all winding
Winding Operating Voltage:
120.00 ac pounds per hour wet all components all primary input and 480.00 ac pounds per hour wet all components all primary input
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A058b0
