Reliability Indicator:

Not established

End Application:

Rfqt recov an e/i fscm 10855

Inclosure Type:

Fully enclosed

Winding Operating Voltage:

120.00 ac pounds per hour wet all components all primary input and 24.00 ac pounds per hour wet all components all primary input

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
