# **Reliability Indicator:**

Not established

### **Frequency Rating:**

60.0 hertz all components

# End Application:

Control panel p/n 687545 onboard 420 ft wagb coast guard vessels

#### Winding Quantity:

1 all components

#### Inclosure Type:

Hermetically sealed

#### **Rating Method:**

Electrical all components all primary input

Terminal Type And Quantity:

2 snap-on, male

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No
