Reliability Indicator:

Not established

Maximum Transformer Power Rating:

3000.0 volt-ampere single component

Inclosure Type:

Open

Mounting Facility Quantity:

4 single group

Mounting Method:

Slot single group

Winding Operating Current:

25.0 amperes ac single component single secondary

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
