Reliability Indicator:

Not established

Turn Quantity:

28 single component single winding

End Application:

Rt-134 (v)1/arc-190(v)

Winding Quantity:

1 single component

Inclosure Type:

Open

Rating Method:

Winding turns single component single winding

Winding Conductor Size:

0.06408 inches american wire gage single component single winding

Special Features:

Name on drawing is inductor toroidal

Terminal Type And Quantity:

1 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
