Reliability Indicator:

Not established

Turn Quantity:

28 single component single winding

End Application:

Rv-134 (v) 1/arc-190v

Winding Quantity:

1 all components

Inclosure Type:

Open

Rating Method:

Winding turns single component single winding

Winding Conductor Size:

0.06408 inches american wire gage single component single winding

Special Features:

Name on drawing is inductor toroidal

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
