**Reliability Indicator:**

Not established

**Overall Height:**

1.350 inches

**End Application:**

Panel, id e/i fscm 76301

**Winding Operating Current:**

59.5 milliamperes ac single component single secondary

**Special Features:**

Size I

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A058b0
