Reliability Indicator:

Not established

Turn Quantity:

30 single component single winding

End Application:

Rsip ppl e/i fscm 57837

Winding Quantity:

1 single component

Inclosure Type:

Open

Rating Method:

Winding turns single component single winding

Winding Conductor Size:

0.01594 inches american wire gage single component single winding

Special Features:

60uh, 1 amp, next assembly 44933, used on ps12295

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
