Reliability Indicator:
Not established
Turn Quantity:
82 single component single winding
End Application:
Rsip ppl e/i fscm 57837
Winding Quantity:
1 single component
Inclosure Type:
Open
Rating Method:
Winding turns single component single winding
Winding Conductor Size:
0.01790 inches american wire gage single component single winding
Special Features:
$600 uh, \ .5 \ amp, \ next \ assemblies: \ 41524, \ 40692, \ 40691, \ used \ on \ ps12107a, \ ps1274 \ respectively$
Terminal Type And Quantity:
2 wire lead
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A058b0
