Reliability Indicator:

Not established

Turn Quantity:

82 single component single winding

End Application:

Rsip ppl e/i fscm 57837

Winding Quantity:

1 single component

Inclosure Type:

Open

Rating Method:

Winding turns single component single winding

Winding Conductor Size:

0.01790 inches american wire gage single component single winding

Special Features:

600uh, .5 amp, next assemblies: 41524, 40692, 40691, used on ps12107a, ps1275, ps1274 respectively

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
