**Reliability Indicator:**

Not established

**Turn Quantity:**

1 single component single winding

**End Application:**

Rsip ppl e/i fscm 57837

**Winding Quantity:**

2 single component

**Inclosure Type:**

Fully enclosed

**Rating Method:**

Winding turns single component single winding

**Special Features:**

1.1uh, 300a, turns added at next higher assembly. 44940, used on ps12295

**Terminal Type And Quantity:**

2 wire lead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A058b0
