**Reliability Indicator:**

Not established

**Overall Length:**

1.000 inches

**Turn Quantity:**

12 single component single winding

**Overall Diameter:**

0.630 inches

**End Application:**

1430-01-418-4396

**Winding Quantity:**

12 all components

**Inclosure Type:**

Fully enclosed

**Rating Method:**

Winding turns single component single winding

**Winding Conductor Size:**

0.05082 inches american wire gage single component single winding

**Special Features:**

Operating voltage: sea level to 8000 ft

**Terminal Type And Quantity:**

2 wire lead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A058b0
