Core Construction:

Solid single component

End Application:

First pbl; fighter, aircraft-first, (f18 e/f)

Mounting Facility Quantity:

4 single group

Mounting Method:

Unthreaded hole single group and threaded stud single group

Product Name:

Coil assembly, power supply

Special Features:

For list of all parts included in assembly, see dwg number 007006, rev e

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A058b0
