Reliability Indicator:

Not established

Overall Length:

0.310 inches

Overall Height:

0.112 inches

Overall Width:

0.220 inches

End Application:

Ari 23118

Inclosure Type:

Fully enclosed

Special Features:

Plastic case material with solder plate finish

Terminal Type And Quantity:

6 printed circuit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
