**Reliability Indicator:**

Not established

**Input-output Phase Relationship:**

Single phase to single phase single component

**End Application:**

Welding machine pak master 75xl

**Inclosure Type:**

Fully enclosed

**Mounting Facility Quantity:**

4 single group

**Mounting Method:**

Unthreaded hole single group

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
