## **Reliability Indicator:**

Not established

Input-output Phase Relationship:

Single phase to single phase single component

## **End Application:**

Welding machine pak master 75xl

#### Inclosure Type:

Fully enclosed

### **Mounting Facility Quantity:**

4 single group

## Mounting Method:

Unthreaded hole single group

### Shelf Life:

N/a

#### Unit Of Measure:

# --

Demilitarization:

No

# Fiig:

A058b0
