Reliability Indicator:

Not established

End Application:

A.C. Magnetic; wsd: electric power generation system

Inclosure Type:

Fully enclosed

Rating Method:

Electrical single component single winding

Special Features:

Coil kit for replacing the 00009286008 coil (28618) on w/l sz. 3 & 4 contactors which is a 440 volt, 50 hz coil

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
