Reliability Indicator:

Not established

Input-output Phase Relationship:

Single phase to single phase single component

End Application:

Power supply, model pfc060-v-40-es-24p

Inclosure Type:

Fully enclosed

Special Features:

200: 5, 2va

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
