Reliability Indicator:

Not established

Turn Quantity:

446 single component 2nd winding

End Application:

Controller a.C. Magnetic size 1; starter mtr lvp 440v 1 spd 1wdg drpr

Winding Quantity:

2 single component

Inclosure Type:

Fully enclosed

Rating Method:

Winding turns single component 1st winding

Winding Conductor Size:

0.00353 inches american wire gage single component 2nd winding

Dc Resistance Rating In Ohms:

1480.000 single component 1st winding

Terminal Type And Quantity:

4 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
