## NSN 5950-01-497-8073

Electrical Coil - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5950-01-497-8073

Reliability Indicator:
Not established
Overall Length:
10.0 millimeters
Turn Quantity:
3 single component single winding
Overall Diameter:
3.0 millimeters
End Application:
Nsn: 6625-01-458-5920, amm20002 (21066) meter, modulation; wsd: elect test equip - gpete
Winding Quantity:
1 single component
Inclosure Type:
Open
Rating Method:
Winding turns single component single winding
Winding Conductor Size:
0.03600 inches standard wire gage single component single winding
Special Features:
Material: tin copper wire
Terminal Type And Quantity:
2 wire lead
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A058b0
