Reliability Indicator:

Not established

Inductance Rating:

680.00 microhenries single component single winding

End Application:

Nsn: 6625-01-458-5920, meter, modulation amm20002q; wsd: elect test equipment - gpete

Inclosure Type:

Fully enclosed

Rating Method:

Winding turns single component single winding

Special Features:

Frequency rating: 1.9 mhz

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
