Reliability Indicator:

Not established

End Application:

Winch solenoid valve assembly 45675

Winding Quantity:

1 single component

Inclosure Type:

Fully enclosed

Rating Method:

Electrical single component single winding

Special Features:

Manual 1987-1999 fig 7-31 item 2

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
