0.27 microhenries single component single primary

Dc Resistance Rating In Ohms:

3.200 single component single primary

**Special Features:** 

End item: test set, telecommunication syste (6625014627491)

**Terminal Type And Quantity:** 

2 pin

Shelf Life:

N/a

**Unit Of Measure:** 

Demilitarization:

No

Fiig:

A058b0
