**Overall Length:**

3.000 inches

**Overall Height:**

2.562 inches

**Overall Width:**

3.250 inches

**Inclosure Type:**

Partially enclosed

**Mounting Facility Quantity:**

4 single group

**Mounting Method:**

Unthreaded hole single group

**Special Features:**

Wend item: forming machine, primary voltage rating 460v, 230v and 208v, secondary voltage 115/24v dual secondary, va rating 50va, fuse blocks primary fuse bloc (2 pole class cc), secondary fuse clip(13/32"x1 1/2") , epoxy encapsulated coils

**Terminal Type And Quantity:**

4 quick disconnect, male

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A058b0
