Overall Length:

3.000 inches

Overall Height:

2.562 inches

Overall Width:

3.250 inches

Inclosure Type:

Partially enclosed

Mounting Facility Quantity:

4 single group

Mounting Method:

Unthreaded hole single group

Special Features:

Wend item: forming machine, primary voltage rating 460v, 230v and 208v, secondary voltage 115/24v dual secondary, va rating 50va, fuse blocks primary fuse bloc (2 pole class cc), secondary fuse clip(13/32"x1 1/2") , epoxy encapsulated coils

Terminal Type And Quantity:

4 quick disconnect, male

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
