Reliability Indicator:

Not established

Overall Length:

3.750 inches

Overall Height:

2.500 inches

Overall Width:

3.000 inches

Frequency Rating:

60.0 hertz single component

End Application:

Ehfass 5-790/frc-181 (v)

Special Features:

Varating/manual breaker 75a/5a trip wire leads 10inches label number ofwirings is 5 primary voltage 120, 208, 240, 480 vac secondly voltage 24 vac number of windings 4 primary 1 secondly

Terminal Type And Quantity:

6 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
