End Application:

Unit, freq convertor invertor, p/n 3bhb01121r0001

Winding Operating Current:

2000.0 amperes dc single component single primary

Special Features:

Mcoated electronic circuit; self extinguishing plastic case; protections of the measuring circuit against short-circuits, of the measuring circuit against opening, and of the power supply against polarity reversal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
