Overall Length:

0.520 inches

Overall Height:

0.138 inches

Overall Width:

0.508 inches

Inductance Rating:

0.60 microhenries single component single primary

Inclosure Type:

Fully enclosed

Rating Method:

Electrical single component single primary

Product Name:

Low profile high current inductor

Special Features:

Shielded construction; inductance tolerance porm 20 pct

Terminal Type And Quantity:

2 bonding pad

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
