Overall Length:

6.500 inches

Overall Height:

4.700 inches

Overall Width:

1.250 inches

Frequency Rating:

50.0 hertz single component and 400.0 hertz single component

End Application:

F/a-18e/f pse: gsu test set

Product Name:

Transformer, current

Special Features:

Nha test set electronic power; resistor assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
