

View Online at <https://aerobasegroup.com/nsn/5950-01-548-1123>

Reliability Indicator:

Not established

End Application:

C-17a aircraft

Special Features:

Average dc current withno ac current series connected 2.0 parallel connected 4.0 operating voltage winding towindings units vac 50
operating voltage windings to mounting surface vac 100

Terminal Type And Quantity:

4 wire lead

Specification Data:

89954-342a9226 manufacturers specification control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
