Reliability Indicator:
Not established
End Application:
C-17a aircraft
Special Features:
Average dc current withno ac current series connected 2.0 parallel connected 4.0 operating voltage winding towindings units vac 50
operating voltage windings to mounting surface vac 100
Terminal Type And Quantity:
4 wire lead
Specification Data:
89954-342a9226 manufacturers specification control
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A058b0
