Reliability Indicator:

Not established

Overall Length:

3.340 inches

Overall Height:

4.250 inches

Overall Width:

3.380 inches

Input-output Phase Relationship:

Single phase to single phase single component

End Application:

Panel, auto bus xfr and bus xfr

Inclosure Type:

Open

Product Name:

Inavy-xfmr, 75va, 440-110v

Special Features:

Copper winding material; screw clamp terminal; includes top mounted fuse block

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
