**Reliability Indicator:**

Not established

**End Application:**

Panel, fo heater 870-194099, galley, hpw 870-187479, laundry, hpw 870-187481 remote control

**Inclosure Type:**

Fully enclosed

**Winding Operating Current:**

2.27 amperes ac single component single secondary

**Winding Operating Voltage:**

440.00 ac volts single component single primary

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
