Reliability Indicator:

Not established

End Application:

Dds power and comm. Cart.

Winding Operating Current:

78.3 amperes ac single component single secondary

Winding Operating Voltage:

480.00 ac volts single component single primary

Special Features:

3 phase, short circuit current rating 10, 000amp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
