Reliability Indicator:

Not established

End Application:

Switchboard 4s lpd21

Inclosure Type:

Fully enclosed

Mounting Facility Quantity:

4 single group

Mounting Method:

Unthreaded hole single group

Winding Operating Voltage:

450.00 ac volts single component single primary

Product Name:

Transformer, short lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
