**Reliability Indicator:**

Not established

**Overall Length:**

2.500 inches

**Overall Height:**

2.500 inches

**Overall Width:**

2.250 inches

**End Application:**

Heater water booster c-57 modified

**Inclosure Type:**

Fully enclosed

**Winding Operating Current:**

0.4 amperes ac single component single secondary

**Winding Operating Voltage:**

480.00 ac volts single component single primary

**Product Name:**

Transformer, step down

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A058b0
