Overall Length:
0.071 inches
Overall Height:
0.040 inches
Overall Width:
0.044 inches
Special Features:
Core material ceramic; weight 3.2-3.7 mmg; ambient temp -40 to +125 degrees c with irms current, +125 - +140 degrees c with derated
current; temp coefficient of inductance +25 to +125 ppm degrees c
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
Fiia:
