# NSN 5950-01-589-6071

Radio Frequency Coil - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5950-01-589-6071

#### **Overall Length:**

0.090 inches

## **Overall Height:**

0.060 inches

## **Overall Width:**

0.068 inches

#### **Special Features:**

Core material ceramic; weight 10.2 - 11.6 mg; ambient temperature -40 - +125 degrees c with irms current, +125 to +140 degrees c with

derated current; temperature coefficient of inductance +100 to +250 ppm degrees c

## Shelf Life:

N/a

### Unit Of Measure:

---

## Demilitarization:

No

# Fiig:

A058b0
