Overall Length:

0.565 inches

Overall Width:

0.565 inches

Body Length:

0.535 inches

Body Width:

0.535 inches

Body Height:

0.310 inches

End Application:

Patriot, p/n 11481845

Product Name:

Coil, electrical - inductor

Special Features:

15uh +/- 10%, 0.221 ohms dc resistance, 2760 ma rated dc, a-4 package; operating temperature range is -55.0 degrees c to +125.0 degrees c; dielectric withstanding voltage is 500 vac; terminations are tin-lead coated phosphor bronze; moisture, shock and immersion resistant

Terminal Type And Quantity:

4 bonding pad

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
