Overall Length:

0.440 inches

Overall Width:

0.440 inches

Body Length:

0.410 inches

Body Width:

0.410 inches

Body Height:

0.240 inches

End Application:

Patriot, p/n 11481845

Product Name:

Coil, electrical - inductor

Special Features:

15uh +/- 10% inductance; 0.021 ohms dc resistance; 1460 racted dc ma; a2 package; operating temperature range is -55 degrees c to +125.0 degrees c; dielectric withstanding voltage is 500vac; terminations are tin-lead coated phosphor bronze; moisture, shock and immersion resistant

Terminal Type And Quantity:

4 bonding pad

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
