Reliability Indicator:

Not established

Inductance Rating:

6.8 nanohenry all components single winding

Coil Form Type:

Solid single component

Body Length:

0.115 inches

Body Width:

0.110 inches

Body Height:

0.080 inches

Inclosure Type:

Open

Features Provided:

Rohs directive compliance

Product Name:

Chip inductor - 1008ht series

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
