**Reliability Indicator:**

Not established

**End Application:**

Welder, tig 907 198 model syncrowave 350 lx

**Inclosure Type:**

Open

**Winding Operating Current:**

34.0 milliamperes ac single component single secondary

**Winding Operating Voltage:**

3600.00 ac volts single component single secondary

**Product Name:**

Transformer, high voltage w/term

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A058b0
