Overall Height:

6.16 inches

Overall Width:

7.06 inches

Installation For Which Designed:

Indoor nonportable

Inclosure Type:

Open

Winding Power Rating:

1000.0 volts-amperes 1st component 1st primary

Product Name:

Industrial control transformer

Special Features:

Specifically designed to handle high inrush associated with contactors and relays for applications such as conveyor systems, paint lines, punch presses or overhead cranes; 1-phase; temperature rise 115 degrees c; insulation temp 180 degrees c; winding material is copper; weight 35.49 lbs; type t transformers are 50/60 hz rated

Terminal Type And Quantity:

10 clamp and 10 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
