Overall Length:

0.840 inches

Overall Width:

0.660 inches

Special Features:

Split ferrite for round cables; 1-1000 mhz frequency; stable at 20-60 degrees c; provides rf suppression without eddy current losses; air-gap effect; 0.320 inches core diameter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
