Frequency Rating:

50.0 hertz and 60.0 hertz single component

Body Outside Diameter:

71.0 millimeters

Body Height:

32.0 millimeters

End Application:

B-1

Winding Operating Voltage:

115.0 ac volts and 230.0 ac volts single component single primary

Special Features:

Secondary-dual for parallel or series connection; insulation class: class b, 130deg c; temperature rise: 30deg c;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
