Overall Length:

3.70 inches

Overall Height:

1.40 inches

Overall Width:

1.40 inches

Inductance Rating:

120.00 microhenries single component single control

Frequency Rating:

1.70 megahertz all components

Overall Diameter:

1.40 inches

Maximum Operating Temp:

105.00 degrees celsius

End Application:

B-1 aircraft

Dc Resistance Rating In Ohms:

0.054 single component single control

Product Name:

High current chokes

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
