Frequency Rating:

60.0 hertz all components

Maximum Operating Temp:

150.0 degrees fahrenheit

Inclosure Type:

Hermetically sealed

Winding Power Rating:

24.0 volts-amperes all components all primary output

Winding Operating Voltage:

40.0 ac volts all components all primary output

Product Name:

Transformer

Special Features:

12 inch leads

Terminal Type And Quantity:

6 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
