Overall Length:

0.105 inches

Overall Height:

0.045 inches

Overall Width:

0.095 inches

Inclosure Type:

Partially enclosed

Rating Method:

Electrical single component single winding

Product Name:

Chip inductor-108ht serie (2520)

Special Features:

Core material: ceramic

Terminal Type And Quantity:

2 bonding pad

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
